**P2011.02** **Planning Applications**

(i) **7/2014/2063 Mirehouse Estate** construction of timber stacking and turning areas, creation of new forest tracks and upgrading of existing tracks in Aeroplane Wood. This work was to facilitate the working of the Forest Plan for improving the area and necessary forestry work. It was RESOLVED to support this application on the grounds that the forestry business on the site was an asset to the area, and the proposed work was for the good of the business and supported good husbandry.

(ii) **7/2014/2070 Chestnut Barn Millbeck CA12 4PS** Underground storage space at rear of existing dwelling including adjoining store and access at west end. A retrospective application, the work having been carried out in 2003/4. It was RESOLVED that no objection should be raised.

Members asked that a comment should be forwarded to Planning Office that there would have been benefit from sight of plans showing the state of the building existing before the work had been started.

The next meeting would be as required by the timing of applications received.
